Dear Dr Howard:

On behalf of the Board of Directors of the Commission on Accreditation of Medical Physics Education Programs (CAMPEP), I am pleased to inform you that the University of Tennessee Medical Physics Graduate Programs (MS degree and certificate) have been granted initial accreditation through December 31, 2022. Accreditation will automatically be extended through December 31, 2024, upon completion of acceptable annual reports.

Please accept our congratulations on the accreditation of your program. You are expected to provide annual progress reports which address any recommendations in the attached program evaluation, and also to provide information regarding any substantive changes in the program.

By separate cover, you will receive a framed certificate acknowledging accreditation of the program. Please contact me if you have any questions or suggestions on the accreditation process.

Sincerely,

Michael F McNitt-Gray, PhD
President and Chairman
